

## **Diversity and Identity**

At Intake Farm Primary School, we aim to celebrate diversity within our community and the wider world and we aim to develop confidence in individual identity through our tailored curriculum. We strive to promote equality in all that we do and we use examples of where this has not always been the case in our society in the past to support learning and promote celebrate difference. "In diversity there is beauty and there is strength." – Maya Angelou.

### **All learners are of equal value**

We see all learners and their parents and carers as of equal value:

- whether or not they are disabled;
- whatever their ethnicity, culture, national origin or national status;
- whatever their gender or gender identity;
- whatever their religious or non-religious affiliation or faith background;
- whatever their sexual identity.

Please take a look at our diversity and identity book map below to see how diversity and identity are embedded into our curriculum via high quality texts. Whilst inclusion, identity and diversity are central to all we do, this map provides an overview of where specific links are made.
