## Autumn 1 2023 The Ducklings Nursery

Who am I?

In the Duckling class we learn mainly through play and we would love to see the play activities you do at home.

We are going to set some challenges for your child to do and we would like you to send me email with the pictures or you can bring them in to school. Try to do at least 5 of the set challenges.

1. Use a paintbrush and water or use chalk to write your name outside.
2. Make a house for you and your family to live in ( Duplo, Lego, cardboard boxes..).
3. Read your favourite bedtime story to someone in your house.
4. Make a birthday cake.
5. Count how many steps it is from your bedroom to the front door.
6. Find 2 objects that are circle and square shaped.
7. How many objects can you find beginning with the same letter of your name.
8. Sing heads shoulders knees and toes.
9. Taste something you have never tasted before, use all your senses to decide if you like it. How does it smell, feel, look like, and taste like.
10. Make a den for your friends to sit in.

*Together, we can achieve anything!*
